

Millenium Livewire Studio

Using 6 Channel Livewire Console w/ StudioHub+ Wiring Connectivity

Note 1:
The console houses an 8 input and 8 output Livewire node. Connect up to 8 inputs (analog or digital) and 2 external outputs (analog or digital). Note that 6 of the node outputs are "hardwired" to the 6 console Livewire channels.

Note 1:
All outputs available in analog & digital simultaneously.

Note 2:
All mix-minus are fully programmable for any channel mix-minus pre/post fader and pre/post on/off switch.
